---

StandUp Comedian, Basketball

## SOFT SKILLS

---

- Strong problem-solving abilities
- Effective communication skills
- Teamwork and collaboration
- Time management and organization
- Attention to detail
- Adaptability and flexibility
- Creativity and innovation

- **Freelance**
- **October 2021 — February 2022**
- I assisted in creating UI and functionality for various applications, contributing to the design and implementation of intuitive user interfaces, as well as developing the necessary features and capabilities to enhance the user experience.
- Implemented third-party APIs and integrated external service to extend the functionality and enhance the overall user experience.
- Optimized application performance by identifying and resolving performance bottlenecks, reducing load times, and improving responsiveness.
- Provided ongoing maintenance and support for deployed applications, addressing bug fixes, implementing updates, and incorporating user feedback to continuously improve app performance and functionality.
- Through my freelance iOS development experience, I have gained a comprehensive understanding of the end-to-end app development process, from initial concept to final deployment and ongoing maintenance.
